DIRECTORY OF PRIVATE SCHOOLS IN EIGHT PROVINCES ELEMENTARY, SECONDARY AND COMMERCIAL.

Elementary and Secondary.— Section 1 of the directory on the following pages lists private elementary and secondary schools in eight provinces, Quebec excepted. Private schools are more numerous in Quebec than in the other provinces combined, and since the provincial Bureau of Statistics, Quebec, publishes a "List of the Independent Schools", the work is not here duplicated. In the present bulletin the names of more than 300 private elementary and secondary schools appear. Their annual enrolment of approximately 33,000 is about 2 per cent of the enrolment in public elementary and secondary schools in the eight provinces.

Section 2 lists the high school departments of colleges. They are not numerous but count nearly 5,000 students who, together with the 11,000 secondary students among the 33,000 already mentioned, constitute about 7 per cent of all secondary students in the eight provinces.

Commercial Schools (Business Colleges).— Section 3 lists the schools in this category, numbering about 140 in the eight provinces. They have recently had about 10,000 day students and between 4,000 and 5,000 evening students in a year.

NOTE ON OTHER CANADIAN SCHOOL DIRECTORIES.

Public Elementary and Secondary Schools.— Three Departments of Education publish annually the names of all schools and teachers in their province. The Ontario Department of Education, Toronto, prepares two annual volumes, with the addresses of all secretaries of school boards, as well as teachers; one covers elementary schools, the other covers secondary schools and normal schools. The Annual Report of the Department of Education in Prince Edward Island, Charlottetown, includes a list of all teachers, and secretaries of boards, together with their addresses. The Annual Report of the Public Schools of British Columbia (Department of Education, Victoria) includes the names of all schools and teachers. The reports of some other provincial Departments of Education include partial lists, e.g., the Manitoba Report (Winnipeg) includes the names of high schools and their principals, the New Brunswick Report lists city schools and their staffs.

Indian Schools.— A list of Indian schools, showing the names and addresses of principals, has for many years appeared in the Annual Report of the Department of Indian Affairs, Ottawa. The enrolment of nearly 18,000 is about evenly divided between 79 residential schools and 280 non-residential.

Universities and Colleges.— A list of these, with addresses, appears each year in the "Annual Survey of Education in Canada", published by the Dominion Bureau of Statistics. Price 50 cents. In this arrangement the different faculties are not listed separately, but they are in a directory of professional schools included in a bulletin entitled "Supply and Demand in the Professions in Canada", Dominion Bureau of Statistics, 1937. Price 25 cents. Normal schools are listed in the Annual Survey of Education.

Special Schools.— The Annual Survey of Education in Canada also includes a list of schools for the blind, schools for the deaf, schools for the mentally defective, industrial corrective and reformatory schools.

Statistique du Dominion
Chef, Branche de l'Education:

R.H. Coats, LL.D., F.R.S.C., F.S.S. (Hon.)
J.E. Robbins, M.A., Ph.D.

REPERTOIRE DES ECOLES PRIVEES ELEMENTAIRES,
SECONDAIRES ET COMMERCIALES, DANS HUIT PROVINCES.

Elémentaires et secondaires.— La section 1 du répertoire qui suit énumère les écoles élémentaires et secondaires dans huit provinces, tout le Canada excepté le Québec. Les écoles privées sont plus nombreuses dans le Québec que dans toutes les autres provinces combinées, et comme le Bureau Provincial de la Statistique, Québec, publie une "Liste des Ecoles Indépendantes", il n'y a ici aucun danger de double emploi. Le présent bulletin donne les noms de plus de 300 écoles privées, élémentaires et secondaires. Leur inscription annuelle d'environ 33,000 constitue à peu près 2 p.c. de l'inscription dans les écoles publiques, élémentaires et secondaires, des huit autres provinces.

La section 2 énumère les départements d'études secondaires dans les collèges. Ils ne sont pas nombreux mais comptent environ 5,000 élèves qui, avec les 11,000 étudiants de l'enseignement secondaire des 33,000 déjà mentionnés, constituent environ 7 p.c. de tous les élèves de l'enseignement secondaire dans les huit provinces.

Ecoles commerciales.— La section 3 énumère les écoles de cette catégorie, se chiffrant à environ 140 dans les huit provinces. Tout récemment, elles reçoivent, en une année, 10,000 étudiants du jour et entre 4,000 et 5,000 étudiants du soir.

NOTES SUR D'AUTRES REPERTOIRES D'ECOLLES CANADIENNES.

Ecoles publiques élémentaires et secondaires.— Trois départements de l'Education publient annuellement les noms de toutes les écoles et tous les instituteurs dans leurs provinces. Le département de l'Education de l'Ontario, Toronto, publie deux volumes annuels, avec les adresses de tous les secrétaires des commissions scolaires de même que des instituteurs, dont un couvre les écoles élémentaires et l'autre les écoles secondaires et les écoles normales. Le rapport annuel du département de l'Education de l'Île du Prince-Edouard, comprend une liste de tous les instituteurs et les secrétaires des commissions, de même que leurs adresses. Le rapport annuel des écoles publiques de la Colombie Britannique (département de l'Education, Victoria) comprend les noms de toutes les écoles et de tous les instituteurs. Les rapports de quelques autres départements provinciaux de l'Education comprennent des listes partielles, à savoir, le rapport du Manitoba (Winnipeg) comprend les noms des écoles secondaires et leurs principaux, et celui du Nouveau-Brunswick énumère les écoles rurales et leurs personnels.

Ecoles indiennes.— Une liste des écoles indiennes, donnant les noms et adresses des principaux, a pour plusieurs années paru dans le rapport annuel du ministère des Affaires Indiennes, Ottawa. L'inscription d'environ 18,000 se divise également entre 79 pensionnats et 280 externats.

Universités et collèges.— Une liste des universités et collèges, avec les adresses, paraît chaque année dans l'"Aperçu Annuel sur l'Education au Canada", publié par le Bureau Fédéral de la Statistique. Prix 50 cents. Dans cette énumération les différentes facultés ne sont pas données séparément mais entrent dans un répertoire des écoles professionnelles compris dans un bulletin intitulé "L'Offre et la Demande dans les Professions au Canada", Bureau Fédéral de la Statistique, 1937. Prix 25 cents. Les écoles normales sont énumérées dans l'"Aperçu Annuel sur l'Education".

Ecoles spéciales.— L'"Aperçu Annuel sur l'Education au Canada" comprend également une liste des écoles pour aveugles, des écoles pour sourds-muets, des écoles pour arriérés mentaux, des écoles industrielles de correction et de réforme.

DIRECTORY OF PRIVATE SCHOOLS IN EIGHT PROVINCES
ELEMENTARY, SECONDARY AND COMMERCIAL

Elementary and Secondary.—Section I of the directory on the following pages lists private elementary and secondary schools in eight provinces, Quebec excepted. Private schools are more numerous in Quebec than in the other provinces combined, and since the provincial Bureau of Statistics, Quebec, publishes a "List of the Independent Schools", the work is not here duplicated. In the present bulletin the names of more than 300 private elementary and secondary schools appear. Their annual enrolment of approximately 35,000 is about 2 per cent of the enrolment in public elementary and secondary schools in the eight provinces.

Section 2 lists the high school departments of colleges. They are not numerous but count about 5,000 students who, together with the 12,000 secondary students among the 35,000 already mentioned, constitute about 7 per cent of all secondary students in the eight provinces.

Commercial Schools (Business Colleges).—Section 3 lists the schools in this category, numbering about 130 in the eight provinces. They have recently had about 10,000 day students and about 5,000 evening students in a year.

NOTE ON OTHER CANADIAN SCHOOL DIRECTORIES.

Public Elementary and Secondary Schools.—Three Departments of Education publish annually the names of all schools and teachers in their province. The Ontario Department of Education, Toronto, prepares two annual volumes, with the addresses of all secretaries of school boards, as well as teachers; one covers elementary schools, the other covers secondary schools and normal schools. The Annual Report of the Department of Education in Prince Edward Island, Charlottetown, includes a list of all teachers, and secretaries of boards, together with their addresses. The Annual Report of the Public Schools of British Columbia (Department of Education, Victoria) includes the names of all schools and teachers. The reports of some other provincial Departments of Education include partial lists, e.g., the Manitoba Report (Winnipeg) includes the names of high schools and their principals, the New Brunswick Report lists city schools and their staffs.

A "List of Public Secondary Schools in Canada", including about 1,500 schools (academic, technical and commercial) and showing postal address, is available from the Dominion Bureau of Statistics. Price 50 cents.

Universities and Colleges.—A list of these, with addresses, appears biennially in "Higher Education in Canada", published by the Dominion Bureau of Statistics. Price 35 cents.

Statisticien du Dominion:	S. A. Cudmore, M.A. (Oxon.), F.S.S., F.R.S.C.
Chef, Branche de l'Éducation:	J. E. Robbins, M.A., Ph.D.

REPERTOIRE DES ÉCOLES PRIVÉES ÉLÉMENTAIRES,
SECONDAIRES ET COMMERCIALES, DANS HUIT PROVINCES.

Élémentaires et secondaires.— La section I du répertoire qui suit énumère les écoles élémentaires et secondaires dans huit provinces, tout le Canada excepté le Québec. Les écoles privées sont plus nombreuses dans le Québec que dans toutes les autres provinces combinées, et comme le Bureau Provincial de la Statistique, Québec, publie une "Liste des Écoles Indépendantes", il n'y a ici aucun danger de double emploi. Le présent bulletin donne les noms de plus de 300 écoles privées, élémentaires et secondaires. Leur inscription annuelle d'environ 35,000 constitue à peu près 2 p.c. de l'inscription dans les écoles publiques, élémentaires et secondaires, des huit autres provinces.

La section II énumère les départements d'études secondaires dans les collèges. Ils ne sont pas nombreux mais comptent environ 5,000 élèves qui, avec les 12,000 étudiants de l'enseignement secondaire des 35,000 déjà mentionnés, constituent environ 7 p.c. de tous les élèves de l'enseignement secondaire dans les huit provinces.

Écoles commerciales.— La section 3 énumère les écoles de cette catégorie, se référant à environ 150 dans les huit provinces. Tout récemment, elles reçoivent, en une année, 10,000 étudiants du jour et environ 5,000 étudiants du soir.

NOTE SUR D'AUTRES REPERTOIRES D'ÉCOLES CANADIENNES

Écoles publiques (élémentaires et secondaires).— Trois départements de l'Éducation publient annuellement les noms de toutes les écoles et tous les instituteurs dans leurs provinces. Le département de l'Éducation de l'Ontario, Toronto, publie leur relevé annuel, avec les adresses de tous les secrétaires des commissions scolaires de même que des instituteurs, dont un contre les écoles élémentaires et l'autre les écoles secondaires et les écoles normales. Le rapport annuel du département de l'Éducation de l'Île du Prince-Édouard, comprend une liste de tous les instituteurs et des secrétaires des commissions, le même que leurs adresses. Le rapport annuel des écoles publiques de la Colombie Britannique (département de l'Éducation, Victoria) comprend les noms de toutes les écoles et de tous les instituteurs. Les rapports de quelques autres départements provinciaux de l'Éducation comprennent des listes partielles, à savoir, le rapport du Manitoba (Winnipeg) comprend les noms des écoles secondaires et leurs principaux, et celui du Nouveau-Brunswick énumère les écoles rurales et leurs personnels.

Un "Répertoire des Écoles Secondaires Publiques au Canada" comprenant environ 1,500 écoles (académiques, techniques et commerciales) et leur adresse est en vente au Bureau Fédéral de la Statistique. Prix: 50 cents.

Universités et Collèges.— Une liste de ceux-ci, avec adresse, paraît dans la publication biennale intitulée "Éducation Supérieure au Canada" du Bureau Fédéral de la Statistique. Prix 35 cents.

DIRECTORY OF PRIVATE SCHOOLS IN EIGHT PROVINCES ELEMENTARY, SECONDARY AND COMMERCIAL

Elementary and Secondary.-Section I of the directory on the following pages lists private elementary and secondary schools in eight provinces, Quebec excepted. Private schools are more numerous in Quebec than in the other provinces combined, and since the provincial Bureau of Statistics, Quebec, publishes a "List of the Independent Schools", the work is not here duplicated. In the present bulletin the names of about 300 private elementary and secondary schools appear. Their annual enrolment of approximately 39,000 is about 2 per cent of the enrolment in public elementary and secondary schools in the eight provinces.

Section 2 lists the high school departments of colleges. They are not numerous but count about 6,000 students who, together with the 12,000 secondary students among the 39,000 already mentioned, constitute about 7 per cent of all secondary students in the eight provinces.

Commercial Schools (Business Colleges).-Section 3 lists the schools in this category, numbering about 140 in the eight provinces. They have recently had about 11,000 day students and a similar number of evening students in a year.

NOTE ON OTHER CANADIAN SCHOOL DIRECTORIES.

Public Elementary and Secondary Schools.-Three Departments of Education publish annually the names of all schools and teachers in their province. The Ontario Department of Education, Toronto, prepares two annual volumes, with the addresses of secretaries of school boards, as well as teachers; one covers elementary schools, the other covers secondary schools and normal schools. The Annual Report of the Department of Education in Prince Edward Island, Charlottetown, includes a list of all teachers, and secretaries of boards, together with their addresses. The Annual Report of the Public Schools of British Columbia (Department of Education, Victoria) includes the names of all schools and teachers. The reports of some other provincial Departments of Education include partial lists, e.g., the Manitoba Report (Winnipeg) includes the names of high schools and their principals, the New Brunswick Report lists city schools and their staffs.

A "List of Public Secondary Schools in Canada", including about 1,500 schools (academic, technical and commercial) and showing postal addresses is available from the Dominion Bureau of Statistics. Price 50 cents.

Universities and Colleges.-A list of these, with addresses, appears biennially in "Higher Education in Canada", published by the Dominion Bureau of Statistics. Price 35 cents.

BUREAU FEDERAL DE LA STATISTIQUE

Statisticien du Dominion
Chef, Branche de l'Éducation

H. Marshall
J. E. Robbins

RÉPERTOIRE DES ÉCOLES PRIVÉES ÉLÉMENTAIRES,
SECONDAIRES ET COMMERCIALES, DANS HUIT PROVINCES.

Élémentaires et secondaires.— La section I du répertoire qui suit énumère les écoles élémentaires et secondaires dans huit provinces, tout le Canada excepté le Québec. Les écoles privées sont plus nombreuses dans le Québec que dans toutes les autres provinces combinées, et comme le Bureau Provincial de la Statistique, Québec, publie une "Liste des Écoles Indépendantes", il n'y a ici aucun danger de double emploi. Le présent bulletin donne les noms d'environ 300 écoles privées, élémentaires et secondaires. Leur inscription annuelle d'environ 39,000 constitue à peu près 2 p.c. de l'inscription dans les écoles publiques, élémentaires et secondaires, des huit autres provinces.

La section 2 énumère les départements d'études secondaires dans les collèges. Ils ne sont pas nombreux mais comptent environ 6,000 élèves qui, avec les 12,000 étudiants de l'enseignement secondaire des 39,000 déjà mentionnés, constituent environ 7 p.c. de tous les élèves de l'enseignement secondaire dans les huit provinces.

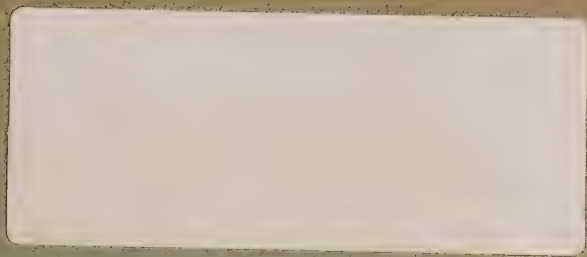

Écoles commerciales.— La section 3 énumère les écoles de cette catégorie, se chiffrant à environ 150 dans les huit provinces. Tout récemment, elles reçoivent, en une année, 11,000 étudiants du jour et environ 11,000 étudiants du soir.

NOTE SUR D'AUTRES RÉPERTOIRES D'ÉCOLES CANADIENNES

Écoles publiques élémentaires et secondaires.— Trois départements de l'Éducation publient annuellement les noms de toutes les écoles et tous les instituteurs dans leur province. Le département de l'Éducation de l'Ontario, Toronto, publie deux volumes annuels, avec les adresses de tous les secrétaires des commissions scolaires du même que des instituteurs, dont un couvre les écoles élémentaires et l'autre les écoles secondaires et les écoles normales. Le rapport annuel du département de l'Éducation de l'Île du Prince-Édouard, comprend une liste de tous les instituteurs et les secrétaires des commissions, de même que leurs adresses. Le rapport annuel des écoles publiques de la Colombie Britannique (département de l'Éducation, Victoria) comprend les noms de toutes les écoles et de tous les instituteurs. Les rapports de quelques autres départements provinciaux de l'Éducation comprennent des listes partielles, à savoir, le rapport du Manitoba (Winnipeg) comprend les noms des écoles secondaires et leurs principaux, et celui du Nouveau-Brunswick énumère les écoles rurales et leurs personnels.

Un "Répertoire des Écoles Secondaires Publiques au Canada" comprenant environ 1,500 écoles (académiques, techniques et commerciales) et leurs adresses est en vente au Bureau Fédéral de la Statistique. Prix: 50 cents.

Universités et Collèges.— Une liste de ceux-ci, avec adresses, paraît dans la publication biennale intitulée "Éducation Supérieure au Canada" du Bureau Fédéral de la Statistique. Prix 35 cents.
